Message from our Campus Principal

December Term 4, 2022

Cleo Lazaris

The Campus Awards are an important part of our school calendar. It is a time to reflect on the year that has passed and to acknowledge the achievements of our students and the school.

Congratulations to all our students, especially the award recipients for 2022.

All the best for the holiday season and I look forward to seeing you all in 2023.

Chinese News

Year 7 students have learned the COLOUR topic in Chinese this term. We gained a wide variety of vocabulary and expressions to discuss our colour preferences. Students also compared the cultural significance of colours in China and Australia. At the end of the unit, students researched the symbolic connotations of colours used in the Beijing Opera and designed their own Beijing Opera facial mask painting. Below are the great works from our creative Year 7s.

Bushfire Preparedness

School procedures for the bushfire season

Schools on the Bushfire At-Risk Register and Schools at Risk of Grassfire (Category 4)

Fire danger ratings and warnings are used in Victoria to provide clear direction on the safest options for preserving life.

Schools and children's services listed on the DET Bushfire At-Risk Register (BARR) and those at risk of grassfire (Category 4) will be closed when a Code Red fire danger rating day (Catastrophic) is determined in their Bureau of Meteorology district. **Our school has been identified as being one of those at high bushfire or grassfire risk.**

Where possible, we will provide parents with up to four days notice of a potential Code Red day closure by Compass or SMS. A Code Red day will be determined by the Emergency Management Commissioner no later than 1.00 pm the day before the potential closure. Once we are advised of the confirmation of the Code Red day (Catastrophic) we will provide you with advice before the end of the school day.

Once confirmed, the decision to close will not change, regardless of improvements in the weather forecast. This is to avoid confusion and help your family plan alternative care arrangements for your child. It is also important to note that:

- No staff will be on site on days where the school is closed due to a forecast Code Red day (Catastrophic).
- School camps will be cancelled if a Code Red fire danger rating day is determined for the Bureau of Meteorology district in which the camp is located.
- All bus routes that travel through the Code Red area will be cancelled.
- Depending on which Bureau of Meteorology district is impacted bus route cancellations may affect our school.

On these Code Red days families are encouraged to enact their Bushfire Survival Plan – **on such days children should never be left at home alone or in the care of older children.**

For those of us living in a bushfire prone area, the Country Fire Authority (CFA) advises that when Code Red days are forecast, the safest option is to leave the night before or early on the morning of the Code Red day .

As part of preparing our school for potential hazards such as fire, we have updated and completed our Emergency Management Plan, re-prioritised any maintenance works that may assist in preparing for the threat of fire and cleared our facility's grounds and gutters.

What can parents do?

- Make sure your family's bushfire survival plan is up-to-date and includes alternative care arrangements in the event that our school is closed.
- Ensure we have your current contact details, including your mobile phone numbers. Keep in touch with us by reading our newsletters, by checking our website kurnai.co and by talking to your child's teacher or any other member of the teaching staff about our emergency management plan.
- Most importantly at this time of year, if you're planning a holiday or short stay in the bush or in a coastal area, you should check warnings in advance of travel and remain vigilant during your stay.
- If your child is old enough, talk to them about bushfires and your family's bushfire survival plan.
- You can access more information about children's services closures on the Department of Education and Training website – see <http://www.education.vic.gov.au/about/programs/health/pages/closures.aspx>

Safety message for families

Information for families

Information for families

The Australian Federal Police through the [Australian Centre to Counter Child Exploitation](#) is seeing a concerning global trend of teenage males being targeted to send explicit images of themselves and then blackmailed. This is called sexual extortion, or sextortion.

The AFP is urging families to have important safety conversations ahead of the school holidays to prevent young people from becoming victim. This crime can have serious wellbeing and psychological impacts.

How does sextortion start?

- Unsolicited friend and follow requests on social media
- Direct messages on one app and then being asked to keep chatting on a secondary app
- Conversations suddenly and quickly becoming sexualised
- Requests for sexualised images or content.

What can families do?

- Have open and regular conversations about your child's online activities and interactions
- Know what platforms, apps and games they are using and who they are interacting with

- Remain open and approachable, victims will be reluctant to come forward if they feel they will be punished or blamed
- Ensure your child knows that it is okay to leave conversations if they feel uncomfortable or unsafe
- Support your child and know how to respond. The [Online blackmail and sexual extortion response kit](#) has been created to recognise sextortion and get help.

The Australian Centre to Counter Child Exploitation is here to keep young people safe from online sexual exploitation and abuse.
